Ever have a "low-down" pain in the back? In the "small," right over the hips? That's the home of backache.

It's caused by sick kidneys. That's why Doan's Kidney Pills cure it. Maysville people endorse this. Read a case

Frederick Dresel, 1238 East Second street, Maysville, Ky., says:

"I consider Doan's Kidney Pills to be a most excellent remedy for kidney trouble and am only too glad to speak in their praise. About five years ago I was bothered by weak kidneys and the secretions were scanty and attended with pain during passage. Severe pains across the small of my back were frequent and at times greatly interfered with my work. While tellng a friend of my condition, he advised me to use Doan's Kidney Pills and I procured a box at J. J. Wood & Son's Drugstore. I used them according to directions and they afforded me prompt and effective relief."
